STOCK REDUCTION SALE

IRIS OF QUALITY

We are moving our Iris to Toronto, Canada. We wish to move only a small collection. In order to reduce stock we have decided to give our friends and customers the benefit of extremely low prices.

It will pay you to compare these prices with those of other reputable dealers.

Cash with order, please. We have no time to keep books. No order accepted for less than \$2.00.

Order early. We will not substitute without your permission, but if you order any varieties preceded by *, please indicate a second choice as the supply of these is quite limited.

Delivery will be made only **during August**. It will be useless to ask us to deliver at any other time. **Prepaid delivery** on orders consisting mainly of single plants or at the 3 price. If, however, the order is made up mainly from the quantity offers then it will be shipped by Express collect. Please indicate your express office if different from your post office address.

Quantity Offer. Except those starred and those priced \$1.00 or over—3 of a kind for the price of 2½. For **Landscaping**: Please note that we are offering very attractive

prices for 10, 25 and 100 of a kind. 50 at the hundred rate. This is a rare opportunity to buy Iris in quantity very cheaply. Pass the word along to your friends.

Quality: Our stock is true to name. The low prices are made to reduce stock quickly. The quality is the same as we have always sent out. Prices are based on strong single divisions. We do not have a plant in the field over two years old. This will insure strong vigorous stock. We have no borers.

Collections: Do not overlook our Collections on the back page of this folder. This is a chance to obtain fine Collections at very low rates. Note especially Collection A—100 different varieties, labeled, for \$15.00. This collection is offered for delivery only late in August with the idea of evening up our stock preparatory to moving. We will include some extra fine Iris in this Collection.

Catalog: No descriptive catalog will be issued in 1929. A few copies of our 1927 and 1928 catalogues are available and will be sent to those who especially request them as long as the supply lasts.

OUR OWN INTRODUCTION

GOLDEN GLORY (H. S. Jackson, No. 21). An Afterglow x Shekinah seedling. Honorable mention by American Iris Society, Lafayette, Ind., June 4, 1926. A yellow self, stalk stiff, well branched, 36-40 inches high with 7-11 bloom buds. Standards broadly obovate, domed, wavy at margin and of great substance, pinard yellow deepening to lemon chrome at base. Falls well rounded, straight hanging with some tendency to be laterally reflexed when old, baryta yellow deepening to pinard yellow at base with indistinct buckthorn brown reticulation at haft. Beard light cadmium to cadmium yellow at base. Style branches lemon chrome. The general effect is a sturdy tall yellow of excellent form, deeper in color and superior to Shekinah with the foliage and vigor of Afterglow. Stock limited ----- \$5.00

I cannot refrain from some further comment on this, my only introduction to date. This variety was introduced in 1927 at \$25.00 each. It was priced at \$20.00 in 1928. I have

reduced the price this year to \$5.00. This apparently sudden reduction is made merely because I have a good stock and do not wish to move any quantity to my new home. My space for growing Iris in the future will be quite limited. I think more of **Golden Glory** than when I introduced it and hope my friends will take this opportunity to buy as the price is quite sure to advance another year. I was privileged to see a three-year old plant of **Golden Glory** in the show garden of another dealer in June. (My own stock has been divided each year.) This plant showed several stalks of bloom. One of these stood well over 36 in. and bore 19 flowers during the season. These were counted before several witnesses. **Golden Glory** is extremely hardy, having gone through the severe winter of 1927-28 without the loss of a plant.

The honorable mention from the American Iris Society given this variety was given at the same show at which Williamson's **Dolly Madison** and **Vesper Gold** received similar awards. Not bad company!

H. S. Jackson.
